Touchfree™ Waste Flap

Protect passengers with our touchless waste flap.

Passengers don't want to touch the waste flap in the lavatory. Enhance the flight experience by protecting your passengers using our touchless waste flap. Our unit includes proprietary sensor technology that makes it ultra-reliable. It is compatible to use on the counter top or the side of the vanity, will seal for fire containment and can also work mechanically in the event of electronic failure.

Features:

- Cross platform compatible with Boeing and Airbus aircraft
- Reliability MTBUR (FH) >60K
- Power Consumption: 28VDC
- Patent pending

The Adams Rite Advantage

Since the 1970s, Adams Rite Aerospace has been the leader in aerospace faucet technology. Now we bring that same quality and innovation to address the needs of a changed aviation marketplace. Our touchless waste flap addresses the needs of passengers as well as airline operators.
