Touchfree™ Lavatory Product Suite

Introducing the Adams Rite Touchfree™ Aircraft Lavatory Product Suite. Relying on over 30 years of aircraft lavatory equipment pedigree combined with the latest touchless technologies, Adams Rite has engineered this suite of touchless products to provide a complete aircraft lavatory touchfree experience and to re-build passenger confidence in air travel post COVID-19 global pandemic.

TRAVELERS ARE HESITANT TO FLY AND ARE WARY OF THE LAVATORY ONBOARD

- 76% are unlikely to fly today
- 39% are unlikely to fly with the next six months
- 15% are unlikely to fly within the next year
- 64% are less likely to use the lavatory
- 53% avoid the lavatory altogether

TRAVELERS ARE MORE LIKELY TO FLY A CARRIER WITH A TOUCHLESS LAVATORY AND WILL PAY MORE FOR IT

- 61% of passengers are more likely to fly with a carrier who has a Touchfree™ lavatory.
- 45% of passengers are willing to pay 5-10% MORE to fly a carrier with a Touchfree™ lavatory.
- 34% of passengers are willing to pay 10-15% MORE to fly a carrier with a Touchfree™ lavatory.
- 87% of passengers prefer Touchfree™ automatic products to manual ones.

The Adams Rite Advantage

In addition to HEPA filters, social distancing, wearing a mask and enhanced cleaning processes, the Adams Rite Touchfree™ Lavatory can be part of the solution set for airlines. In fact, in a recent study 61% of travelers told us that they are more likely to book a flight on an airline with a touchless lavatory and 45% of travelers are willing to pay 5-10% more for the added safety and peace of mind.
