## Mechanically Timed Faucet Assembly

AR9030

### ***Description***

- *Deck Mount Mechanically Timed Faucet Assembly*
- *One Push Operation to activate flow*
- *Variable Temperature Adjustment via Faucet Knob*

### ***Technical Data***

- *Flow Rate - .25-.50 GPM (1-2 LPM)*
- *Operating Pressure – 20-40 PSIG (138-275 KPa)*
- *Venting Feature – Self-venting, Self-draining*
- *Flow Timing Feature – Adjustable Hydraulic Cartridge (5-12 Seconds)*
- *Material – Stainless Steel Body with Engineered Polymer Cartridge*
- *Weight – 1.9 lbs (.86 Kg) with Mounting Fittings, Drain Rod*

### ***Features***

- *Repeatable timing feature for one push operation*
- *Variable Temperature Adjustment*
- *Aerator provides Shower Spray Pattern*
- *Light Weight yet Durable Faucet*
- *Drain Rod Actuation*
