

Adams Rite Aerospace

Mechanically Timed Spigot Assembly

AR9098

Description

- *Wall Mount Mechanically Timed Spigot with Lever Operation*
- *One Push Operation to activate flow via Timer*
- *Push and Hold to activate flow via Lever*
- *Single Temperature Operation*

Technical Data

- *Flow Rate - .25-.50 GPM (1-2 LPM)*
- *Operating Pressure – 20-40 PSIG (138-275 KPa)*
- *Venting Feature – Self-venting, Self-draining*
- *Flow Timing Feature – Adjustable Hydraulic Cartridge (5-12 Seconds)*
- *Material – Stainless Steel Body*
- *Weight – 1.2 lbs (.54 Kg)*

Features

- *Hydraulic Timer not affected by water hardness*
- *Updated materials compatible with today's cleaning disinfectants*
- *Can be custom plated for various surface finishes*
- *Aerator provides Shower Spray Pattern*
